If You're a WM Carnet Dealer

WM Carnet finds consumers in your market that want to both buy and finance a vehicle directly with you. Our award winning 24/7 LIVE operators will take the credit application, and set the appointment for you. All you need to concentrate on is what you do best, get them financed, and delivered.

Never miss another sales call or spend your valuable time on the phone chasing down leads. We'll do it for you. Leaving you more time to sell more vehicles. We suggest you call some of our references before calling us and ask them how our unique program has helped them increase their sales volume.
